🌐 heidariomid.com   ⬤ github   in linkedin

For three years, my main focus was on learning programming and the necessary skills, I tried to create some advanced projects that show these abilities, I personally prefer front-end because I get to see the results of my efforts, and I feel like I have a larger impact on the design side of things and now I am ready to cooperate with the companies and professional teams.

## WORK EXPERIENCES

### Kish Exchange ( IT Departmant )                    2017 - 2020

In this job, I had no programming experience and knowledge.

- Worked on 2 projects for the company: CRM and an online exchange app
- Collaborated with a small team to find solutions that improved the UI/UX of a project.
- Gathering information, wrote requirements and participated in design sessions
- Crafting small WordPress projects
- Designed logos, posters, various social media content and tutorial video

## PROJECTS

### UberEats Project                                   code | demo

This was an advanced project from Nomad Coders and I try to develop and add some extra features and faunctionality like:

- add payment gateway implemented with design pattern
- change UI for each dashboard (user, driver, restaurant)
- checkout page
- cart system
- order history
- protected pages
- local storage persistence
- light/dark mode

### Portfolio Project                                  code | demo

Personal portfolio React build with NextJS and Tailwindcss. It's a creative, minimal and clean design. It gives a unique user experience and It's Fast, Lightweight & Powerful.

- bulit with Next.js and React
- framer motion transitions & animations
- tailwind css
- reusable components
- fully Responsive
- custom Hooks
- smooth scroll
- contact form
- dark mode
- minimal & clean

## SKILLS

### Technical

**Proficient with:**

React/Redux/NextJs

Material-UI/TailwindCSS

TypeScript/GraphQL

HTML/CSS/WordPress

**Familiar with:**

NodeJs/NestJs/Express

PostgreSQL/MySQL/MongoDB

### Soft Skills

Communication

Problem-solving

Adaptability

### Tools

Adobe Photoshop
